

### Out And About Family Maths

#### **When out for a family walk you could...**

##### **Spot a landmark/feature...**

...*How many* steps to ... *estimate* then count

...*How long* may it take if you walk/run/hop?

##### **Compare steps**

Who took the *most/least*? - why is there a difference?

*How many* trees/dogs/cats might we see? Count whilst walking.

##### **Search/look out for...**

... a specific number

... numbers in order

... house number *patterns* and *digits*

**Discuss** what numbers mean e.g. road signs, bar codes

**Predict** the next three house numbers.

I hope you enjoy the sunshine and exercise together - *Sarah*
